I, Ian Aarts, swear that the above- crime - that the crime occurred in				
At the above date and time, while reviewing the attached original proprobable cause exists for the above	obable cause affidavit	icer for the City of Eugene, repared by Officer B. Harris	I arrested Diana Ott after and continue to believe that	
Post Miranda Ott told me she recalled an incident at Coastal in July or August where she trespassed from the location. She described approaching the registers with some items in her cart and an employee told her she was trespassed and if she returned, they would press charges against her.				
She recalled a prior incident where she had the wrong label on a pair of boots. When the employee mentioned it to her, she asked the employee to put the boots back and didn't want them anymore.				
Ott denied the allegations of swapping tags from cheap items onto more expensive items. She told me other than the aforementioned boots she mostly bought things from the warehouse which required her to bring a tag to the register and then pick the item up from the warehouse after paying for the items. She told me after being trespassed she never returned to Costal and again estimated this to have occurred in July or August.				
I asked her if she had a sibling wh wasn't so close as to pass for her				
She told me about a previous inci	dent when she worked	at Walmart where she was	arrested for theft 1 for stealing
